One of the biggest Primary & Secondary School in the Timiș county, considering the number of pupils enrolled: over 000 pupils (aged 6 – 15) in 48 classes.

Significant human resources: highly qualified teachers, constantly preoccupied to develop their pedagogical and professional competences by taking part in a large number of teacher training courses.

School's priorities:

- To lay further stress on the school's inclusive, integrative and comprehensive characteristic, a school capable to respond to each pupil's potential, needs and aspirations;
- To get involved in projects carried out through national and international partnership;
- To make use, on a larger and larger scale, of the IT (information technology) in the learning process and to consolidate pupils' and teachers' skills in using computers in classes;
- To try out new methodologies and strategies in teaching foreign languages and to develop intercurricular approaches;
- To carry on the implementation of pedagogical alternatives (Step by Step, Freinet).

The school persists in making offers and requests of cooperation to all educational partners interested in:

- A) Developing the computer assisted learning and in making better use of information technology resources;
- B) Creating didactic software products (by teachers and pupils);
- C) Integrating children with special educational needs and in diversifying the ways of supporting and helping them;
- D) Developing the study of modern languages (English, French, German) and the capacity of intercultural communication;
- E) Sharing the examples of good practice in implementing pedagogical alternatives such as Step by Step, Freinet or others;
- F) Diversifying educational programmes which aim at ensuring personal good health and in protecting the environment (ecology);
- G) Cultivating the pupils' artistic, physical and technical abilities through educational and competitive activities and through an adequate school development.
